Dear GSSW students,

Below are dates for information sessions for 3 of 4 International courses offered by GSSW. While travel remains uncertain, we are hoping that these courses will be available during the upcoming academic year. Three of the courses (Kenya, South Africa, and Chiapas) are offered fall quarter and the Bosnia course is offered spring quarter. Each class fulfills the Values course requirement or can be used as an elective.

To view detailed information on all 4 international courses, including contact information for the faculty members who lead each course as well and dates/times/zoom links for Information Sessions, please go to [GSSW Student Resource Portal Course Planning Tools International Experiences](#) . Feel free to contact the faculty members listed on the fliers to get more information about these courses.

**Information Session dates:**

**Bosnia:** Thursday, May 27, 2021 @ 7:00 pm MDT
