Yoga for the People

Interns that are certified yoga instructors will lead yoga at various sites and support volunteer matching and recruitment, training, and support fundraising efforts. Students who are not certified by the beginning of the internship will not be able to lead yoga programs and will focus instead on community practice skills through volunteer recruitment, training, site coordination, and curriculum development. A car is required to go to various sites, and there is lots of yoga involved.

Almost Home, Inc.

Join a team of compassionate individuals dedicated to serving others using trauma informed care methods. Interns will support three major outreach programs: Financial Housing Assistance, Severe Weather Activation Plan, and Emergency Family Shelter. Interns will have the opportunity to work directly with clients in a variety of ways, including case management and conducting routine check-ins with existing and new clients. Students with Spanish skills are encouraged to apply.

Adoption Options

Interns working with the Fostering Healthy Futures Program will provide mentoring support to foster youth through guided self-assessments, vision and goal-setting exercises, individualized skills training, and workshops. Interns working as Skills Group Assistants will co-lead the mentor skills groups and participate in planning group activities. This internship is part of the Extended Learning Program which requires agencies to provide additional supervision and training and requires interns to complete more hours per week. Reach out to your field advisor to learn more.
