

2022-23 Skills Courses (Offered/Scheduled)

Accurate as of 8 November 2022

The below is a list of all Skills courses at Korbel in the academic year. This does not mean that all such courses are acceptable in a particular degree/certificate or that they can be substituted for listed degree/certificate skills requirements. But for degrees/certificates that have room for student selection of skills, where are logical course substitution could be necessary, or as electives, the below are considered skills courses (of different types) by the Korbel School.
