

SPACEFLIGHT BLOG INSTRUCTIONS:

9/15/09

Your weekly task: DISCOVERY AND BLOG POSTINGS – 5 parts:

From the missions list, pick one or two entries to research in detail – depth and breadth count.

Outline for Planetary missions blog -

- [1] what they intended to accomplish;
- [2] what they actually accomplished;
- [3] what the next steps might be;
- [4] organizational facets, schedules, resources & cooperation;
- [5] COST and schedule details.

Answer these questions for each: who, what, where, why, when & how much – in language your roommate can understand.

Grading based on breadth \* depth, report posted to your portfolio
