

Molecular Biology

Spring Quarter 2002

Instructor: Dr. Sheldon S. York
S. G. Mudd, Room 253
303-871-2990

Text: Principles of Biochemistry, Third Edition, by Nelson and Cox
Worth Publishers, 2000

Topics	Chapter 10	Nucleotides and Nucleic Acids
Covered:	Chapter 24	Genes and Chromosomes
	Chapter 25	DNA Metabolism
	Chapter 26	RNA Metabolism
	Chapter 27	Protein Metabolism
	Chapter 28	Regulation of Gene Expression
	Chapter 29	Recombinant DNA Technology

Exams: There will be three hour exams, each worth 100 points. Should an exam be missed due to illness or other reason, there will be one make-up exam at the end of the quarter, and it will be comprehensive. This make-up exam cannot be used to replace an hour exam on which you did poorly.

HOURLY EXAM I Wednesday, April 17

HOURLY EXAM II Friday, May 10

Both the third hour exam and the make-up exam are scheduled during the two hour Final Exam time.

HOURLY EXAM III Wednesday, June 5, 10:00 a.m.

MAKE-UP EXAM Wednesday, June 5, 11:00 a.m.
or by arrangement
