### New This Week

#### Community Announcement Hiatus

#### *This Changes Everything* Film Screening

**Thursday, December 17, 2015 | 6:30pm | Chambers Center Room 150**

Filmed over 211 shoot days in nine countries and five continents over four years, *THIS CHANGES EVERYTHING* is an epic attempt to re-imagine the vast challenge of climate change.

Inspired by Naomi Klein's international non-fiction bestseller *This Changes Everything*, the film presents seven powerful portraits of communities on the front lines, from Montana's Powder River Basin to the Alberta Tar Sands, and beyond.

Interwoven with these stories of struggle is Klein's narration, connecting the carbon in the air with the economic system that put it there. Throughout the film, Klein builds to her most controversial and exciting idea: that we can seize the existential crisis of climate change to transform our failed economic system into something radically better.

The film screening will be followed by a discussion. This event is free and open to the public, and participants are encouraged to bring their own snacks.
