The Gathering Place Donation Drive

The Law & Society Student Association (LASSA) is sponsoring a Fall Donation Drive for The Gathering Place, and they are in desperate need of [these](#) items. Beginning Tuesday, November 3rd, there will be a big brown box in the Chamber's Center, room 120, with a sign on it that says "The Gathering Place Donation Drive." As this is ongoing, students may feel free to bring their items and place them in that box throughout the rest of the quarter and through winter quarter. Anything helps! Any questions can be directed to Tamara Filipic at 970-673-6915 or tamifilipic@gmail.com.

Support Climate Justice

[Divest DU](#) is the student organization on campus dedicated to combating climate change through urging the University of Denver to divest our endowment from fossil fuels. In short, Divest DU believes that climate change is real, it is caused by the anthropogenic combustion of fossil fuels and that it is immoral for an institution "dedicated to the public good" to support and profit from climate destruction. USG has unanimously endorsed the mission of Divest DU, and if climate justice is an issue you care about, we encourage you to take 30 seconds to fill out this [petition](#) and add your name to the 1,500 students who have already done so! If you would like to learn more about the organization and how you can become involved, feel free to visit DivestDU.org, or email DivestDU@gmail.com.

DU Solar Survey

[DU Solar](#) is working to bring a large-scale solar array to campus, and needs your help! In order for this initiative to receive the backing of DU's administration, we are working to build and demonstrate campus support, and have just launched a campus-wide survey to further this mission. The [survey](#) will take about one minute to complete, and your participation goes a long way in helping to make DU a more sustainable and progressive institution moving forward. Thanks for your support!
