

**Selected Research and Resources We Find Useful in Our Work**  
**Compiled by Scott M. Stanley**  
**University of Denver**

Note: This list is by no means exhaustive, even of one area of marital research. However, these are key articles or books that we have found useful or we have cited as we write things related to relationship education and couples/marital research more generally. (In other words, please take it to mean nothing if there is some important resource or article that you do not see here, other than the fact that we haven't gotten to including it yet.)
