Applying for Research Assistant Positions

Incoming students can apply for RA positions with our faculty. These are extremely competitive positions and about 15 are offered each year.

To apply, please submit a resume and cover letter stating the type of research you are interest in (or topics/professors you’d like to work with) and your current resume, electronically to issta@du.edu.

During the first weeks of Autumn Quarter, faculty will review the applications and contact qualified students to interview.

RA positions carry quarterly stipends of approximately $1500 per quarter for a maximum of two quarters per year. You do NOT have to be work-study eligible to apply for these positions.

Thank you,

Student Affairs
